Govt. Medical College, Srinagar.

## C I R C U L A R

It gives me immense pleasure to inform you all that our Institutional Ethical Committee is registered with CDSCO now (Copy of registration Annexure) and in the UT of Jammu and Kashmir. It is only one to have this registration and among very few selected in the country to have CDSCO registration, which puts us in a unique position to govern almost all research activities in UT along ethical guidelines. It has come to my notice that many of our faculty members, residents are showing immense interest in contributing to the global research efforts on Covid-19. While it is very healthy trend and will go a long way in establishing the research credentials of GMC Srinagar, but it is also necessary to carry this research with due process and highest ethical standards. Before using any of our hospital data for research purpose please take permissions from the undersigned and then followed by the ethical clearance. I have also requested the chairman ethical committee to give due consideration to our research proposals for expedited clearances were ever possible under ICMR Guidelines and SOP's of our own institutional Ethical Committee keeping in view the disaster understanding and mitigation research.
