APPEAL/MESSAGE TO GENERAL PUBLIC

Measures are being taken by the Hospital authorities from time to time to prevent spread of COVID-19 infection among attendants/patients and staff. One of such measures, which would prove helpful in this regard is to minimize rush of attendants in and around the Hospital. In this context co-operation is sought from general public/attendants to avoid un-necessary visit to SMHS Hospital in the best interest of their near and dear ones, , either admitted in this Hospital or visit this Hospital to seek medical consultation.

Hope that the general public/attendant shall co-operate with the Hospital administration and restrict their un-necessary visit to this Hospital, so as to contain spread of COVID-19 infection among general masses.
